The ARTARx Pharmacy

ARTARx is a plan-owned pharmacy. That means that in addition to acting as a community pharmacy, it was built to serve ARTA members — and the general public — and work in tandem with the ARTARx and ARTARx+Travel Health Benefit Plans.

ARTARx benefit plan members can take advantage of enhanced, 100% coverage for prescription drugs, a tailored experience with a specialized pharmacy team, free home delivery, and a range of cutting-edge pharmacy services. And when you fill your prescriptions at ARTARx, you benefit twice: any profits generated by the pharmacy are put directly back into the plan, leading to further plan improvements and enhancements down the road.

ARTARx is a streamlined pharmacy experience, from start to finish, helping members with everything from filling prescriptions, to adhering to their medication plan. This is an exciting new venture for ARTA, and one that patients will benefit from for years to come.

The ARTARx pharmacy is here to support your health and well-being.

Specialized Pharmacy Team

ARTARx pharmacists are here to help you, not just fill your prescription and send you out the door. Our team offers one-on-one consultations with patients so that you can feel informed about your care plan and the medication you're taking.

Free Home Delivery

Once you've met with your ARTARx pharmacist in-person, and they've had a chance to assess your needs, ARTARx can arrange to deliver your recurring medications directly to your home, freeing up time for you to spend on the things that matter most.

Prescribing Pharmacists

Our pharmacists can dispense as well as prescribe. Seeing your doctor regularly is important, but in an emergency situation, like running out of medication or experiencing unexpected side effects, coming to your pharmacist will often be quicker and more convenient than making an appointment with your doctor.

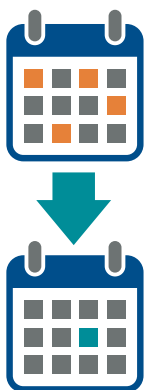

ARTARx pharmacists are knowledgeable and there to help at a moment's notice.

YOUR HEALTH, OUR PRIORITY.

Medication Pouching

Take the hassle out of organizing your prescriptions. ARTARx pharmacists can review your prescriptions and bundle your daily prescriptions, over the counter drugs, and vitamins into one convenient package.

Medication Synchronization

Cut down on your visits to the pharmacy with the ARTARx medication synchronization service. Our pharmacists can synchronize your prescription refills to ensure each one will renew on the same day.

You'll spend less time worrying about refills, and more time enjoying life!

The ARTARx Benefit Plan Advantage

The ARTARx and ARTARx+Travel plans are designed to save you money on prescriptions when you fill them through the ARTARx pharmacy. Plan members make a commitment to use the ARTARx pharmacy for their prescription needs and in return, they receive 100% coverage on prescriptions filled through ARTARx. Filling maintenance medication prescriptions through other pharmacies will result in receiving only 50% coverage.

By using the ARTARx pharmacy, you benefit from enhanced savings, but you're also helping to grow the ARTA Benefit Plans for yourself and all members, as all the profits generated by the pharmacy go toward improving plan offerings and keeping rates affordable for everyone.

Please refer to the separate ARTA Benefit Plan Options brochure for more details on Emergency Travel Insurance, and Dental Care Options.

Who is ARTARx for?

Anyone in the ARTARx Pharmacy Service Zone can sign up for an ARTARx benefit plan and make use of all the services the pharmacy offers, but the plans will appeal most to those who juggle a large number of chronic medications — medications taken to manage long-term conditions. ARTARx coverage, paired with the pharmacy's incredible array of services, make it easy to afford and manage your medications, leaving you with more time and resources to pursue an active and vibrant lifestyle.

Visit artabenefits.net to find out if you qualify for an ARTARx benefit plan and sign up today!

*ARTARx benefit plans are only available to those who live within the service zone of an ARTARx pharmacy location. For an up-to-date list of pharmacy locations, visit artarx.net.
