PROLIFE ALBERTA

Please find our statement - which we hope will answer many of the questions... below:

Seniors are a growing demographic. The number of young-people is artificially low in part due to abortion. Millions of tax-dollars are directly funding the killing of approximately 12,000 pre-born human-beings every year in Alberta, at mostly private, for-profit clinics at tax-payers expense. These are public dollars that should instead be used for the funding of life-affirming care for our seniors, our families, and our children - the future of Alberta.
