Getting to Learn More About You
ARTA is conducting a member survey to gain more insight into the way you live, so we can continue to advocate on your behalf, and deliver information and services relevant to your needs.
The survey will ask about your lifestyle, travel habits, and ARTA communication preferences, as well as general demographic information.
Survey length is dependent upon your answers to some questions, though we recommend planning on taking ten to fifteen minutes to complete it in its entirety. A progress bar at the bottom will show you how much you have completed. There are five separate sections to work through.
We look forward to learning more about you!
